LADLE & SLAG BOWLS

Ladle and Slag Bowls: Precision in Molten Metal Sampling

Ladle and Slag bowls, made from clay graphite, are essential in ferrous and non-ferrous foundries for molten metal sampling and slag removal. Their small size allows easy handling, while their thermal properties ensure accurate, consistent casting results.

LADLE BOWLS		
ITEM CODE	**TYPE**	**CAPACITY (mL)**
5300000642	LADLE BOWL LB10 CG	275
5300002358	LADLE BOWL LB20 CG	1100
5300000647	LADLE BOWL LB30 CG	2000

SLAG BOWLS			
ITEM CODE	**TYPE**	**DIAMETER (mm)**	**DRAIN HOLES**
5300000852	SLAG BOWL SB-8/4A CG	220	1
5300004063	SLAG BOWL SB-32/1 CG	250	1
-	SLAG BOWL SB-28/1 CG	150	1
5300004066	SLAG BOWL SB-32/4 CG	250	4
5300000645	SLAG BOWL SB28/5 CG	150	5
